TRANSMITR
Quick Start Manual

This manual gives basic instructions on the installation and use of the Bontrager TransmitR lighting system, which is ANT+ compatible. For the complete manual, check our website at: www.bontrager.com/support/

The full manual includes this additional information:
- Pairing
- Listing of all modes, run times
- Troubleshooting
- Battery types (and installation in Remote)
- Turn signal and high beam headlight function
- Recycling and disposal
- Compliance info
- Warranty

IMPORTANT:
Always consult your local traffic and lighting laws prior to using a new lighting product on your bicycle. Not all lighting configurations are legal in all locations.

“To See” light
The Ion 700 RT is a “To See” light, a headlight for primary vision when riding in low light. It can also function as a “To Be Seen” light when in flash mode, although the amber side lenses do not direct a substantial amount of light. Note that for the best results, a rider should employ BOTH a To See light and a To Be Seen light.

SET UP
Pairing the TransmitR Remote with TransmitR Lights

1. For each light to be paired, quick-press the power button on the light, then press and hold the power button to turn off.
2. Place all TransmitR lights to be paired within 15 cm/6 inches of the remote.
3. Press and hold the centre button on the remote for 8 seconds until the corner buttons begin flashing. The remote will find a TransmitR light and the light will begin flashing. At the same time, the centre button on the remote will turn from red to green, signifying a connection.
4. Press the corner button on the remote that you would like to have paired to the light. The light will stop flashing when it has been paired to the remote. The centre button will change back to red and search for additional lights to pair.
5. If the remote locates another light, repeat step 4.
6. When all TransmitR lights (up to seven) have been paired, press the centre button of the remote to exit pairing. It will turn from red to OFF. Your TransmitR system is now paired and ready for use.

USING THE TRANSMITR REMOTE
Controlling Lights with the TransmitR Remote

To turn on all lights
ON: Quick-press the centre button.
OFF: Press and hold the centre button.

To turn on an individual light
ON: Quick-press the corner button that controls the light.
OFF: Press and hold the same button.

To change mode on an individual light
Each quick-press of a button that controls a light will cycle through the modes.

Seeing the Battery Power Status of the light on the Remote
When a corner button is pressed, the centre button will show the battery status of the light

NOTE: If you purchased the TransmitR Wireless Light Set, [Part Number 503063] with the Ion 700RT, Flare RT and TransmitR Remote in one package, skip ahead to the section on “Using the TransmitR Remote”.
Installing the remote on the bike

Put the remote bracket over the bar

Use a 2.5 mm hex wrench to tighten the bar

Note: Use the adapter ring if installing on a bar with a 22.2 mm diameter

LIGHT MOUNTING OPTIONS

Helmet

Ruck sack

Seat post/pack

Handlbar

Wall mount (or for other helmets, using the Blendr integrated light mount as well as on select Bontrager handlebar or the technical support team; Bontrager Attn: Customer Service 9 Sherbourne Drive Milton Keynes, MK7 8HJ, UK 01908 360 160 www.bontrager.com

WARNING

A bicycle without correct lights and reflectors might be difficult for other people to see, and you might not be able to see. If you cannot see, or other people cannot see you, you could have an accident. Make sure that your lights operate correctly and that batteries are charged.

INSTALLING THE ION 700 RT

The Ion 700 RT can be mounted on a handlebar as well as on select Bontrager helmets with a Blendr integrated light mount (or for other helmets, using the Bontrager Universal Helmet Bracket.)

INSTALLING THE FLARE RT

The Sync Bracket should be installed with the hook on the non-drive side of the bike. The mount should be rotated so that the light is perpendicular to the ground plane as shown. The Flare RT can also be mounted on a seat pack or ruck sack using the included clip.

If you have any questions

If after reading this manual you have additional questions, contact your dealer or the technical support team; Bontrager Attn: Customer Service 9 Sherbourne Drive Milton Keynes, MK7 8HJ, UK 01908 360 160 www.bontrager.com

Statements of Regulatory Compliance

FCC Compliance

Transmitter Remote - FCC ID: 04GTKRMTE Ion 700 RT Head Light - FCC ID: 2ADH7Q97371576 Flare RT Rear Light - FCC ID: 2ADH7I97371576 This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions:
1) this device may not cause harmful interference, and
2) this device must accept any interference, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
1) relocate or relocate the receiving antenna.
2) increase the separation between the equipment and the receiver.
3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
4) consult the dealer or an experienced radio/TV technician for help.

NOTES: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORISED MODIFICATIONS TO THIS EQUIPMENT. ANY CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE MANUFACTURER OF THIS DEVICE COULD VOID THE USER’S AUTHORITY TO OPERATE THE DEVICE.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux normes d'Industrie Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée aux conditions suivantes: (1) l’appareil ne doit pas produire de brouillage, et (2) l’utilisateur de l’appareil doit accepter toute interférence radioélectrique subie, même si l’interférence est susceptible d’en compromettre la fonctionnement.

This Bontrager Transmitter equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. The radiated output power of the Transmitter Wireless Device is below the Industry Canada (IC) frequency radio exposure limits. The equipment is in direct contact with the body of the user under normal operating conditions. This transmitter must not be co-located or operated in conjunction with any other antennas or transmitters.

Status of the listing in the Industry Canada’s REL Radio Equipment List can be found at the following web address:

Additional Canadian information on RF exposure also can be found at the following web address:

Cet appareil est conforme aux limites d’exposition à la fréquence radio (FR) IC de l’FCC. La puissance de sortie émise par l’appareil est inférieure à la limite d’exposition aux fréquences radio d’Industrie Canada (IC). Cet appareil est en contact direct avec l’utilisateur dans des conditions normales d’utilisation. L’utilisateur ne doit pas co-implementer ou utiliser conjointement avec une autre antenne ou un autre émetteur.

Ce périphérique est homologué pour l’utilisation au Canada. Pour consulter l’entrée correspondante à l’appareil dans la liste d’équipement radio (REL - Radio Equipment List) d’Industry Canada rendez-vous sur:
