Brake pad setup for Aeolus XXX rim brake wheels

Affected rims

All Aeolus XXX rim brake wheel models (2, 4, and 6).

Proper setup for rim brake pads on Aeolus XXX wheels

Use only Bontrager Black Prince pads – PNs 520554 or 520555.

For best brake performance, align the brake pads along the inside of the laser etched control track (hub side).

GOOD

Brake pad on inside edge of the laser control track

NO GOOD

Brake pad on the outside edge of the laser control track
